PROFESSIONAL SUMMARY

Detail-oriented Virtual Assistant with experience in data management, lead generation, and Shopify, WooCommerce, Homedepot product uploading. Skilled in Google Sheets, Microsoft Excel, CRM systems, as well as photo and video editing using Adobe Photoshop, Premiere Pro, and DaVinci Resolve. Known for accuracy, structured workflows, fast learning ability, and delivering organized, high-quality results in remote work environments.

PROFESSIONAL EXPERIENCE

E-commerce Virtual Assistant / Product Uploader

Willow Bath and Vanity Inc. | Feb 2022 – April 14, 2026

- Uploaded and managed **hundreds of products** on Homedepot, WooCommerce and Shopify, ensuring accurate titles, descriptions, pricing, and variations.
- Edited and optimized **product images using Adobe Photoshop**, including resizing, background cleanup, and formatting for web use.
- Organized and uploaded **bulk product data, specifications, and images**, maintaining consistent formatting across product pages.
- Performed **quality checks on product listings**, verifying product details, images, and categories to ensure accuracy and consistency.

Videographer / Video Editor

Freelance | 2023 – Present

- Filmed and edited **wedding preup videos**, delivering cinematic highlight films and social-media-ready clips.
- Performed **color grading, audio syncing, and transitions** to produce polished final videos for clients.
- Managed **footage organization, editing workflow, and final exports**, ensuring timely delivery and client satisfaction.

E-commerce Virtual Assistant

GekkoMultimedia | May 2021 - Sept 2021

- Managed product listings and uploads, ensuring accurate product details, pricing, and images across e-commerce platforms.
- Assisted with marketing campaigns and promotional content for online products and social media.
- Handled non-voice customer support, responding to inquiries and assisting with order-related concerns.
- Processed customer orders and maintained organized records to support smooth daily operations.

Data Entry Assistant – Mobile Home Park Research

Remote Client | 2019 – 2021

- Performed **web research to collect property owner information**, including names, contact details, and company records related to mobile home parks.

- Retrieved and verified business records using **Secretary of State databases and public records**.
- Organized and entered **large volumes of data into spreadsheets**, ensuring high accuracy and consistent formatting.
- Cross-checked online sources to **verify personal and business information** before updating records.
- Managed and maintained **structured datasets for property and owner information**, improving data organization and usability.
